

General Information

Introduction

This brochure contains brief descriptions of excursions available both during your cruise and Alaska cruisetour. Please book your excursions as soon as possible since certain excursions can accommodate only a limited number of participants. We recommend that you purchase them in advance of your vacation in order to avoid disappointment.

Activity Level

The Excursions presented in this brochure require the guest to use a motor coach or other forms of transportation which will require the guest to step up 2 to 3 steps, approximately 10 inches high each. Most (but not all) coaches used can accommodate collapsible wheelchairs. However, it should be noted that escorts, drivers, guides, and shipboard staff are not obliged to lift guests into the vehicles. Lift-vans and/or coaches are not available in all destinations. Tendering may preclude guests in wheelchairs from going ashore at certain ports of call. For further information, please check with the Shore Excursion desk on board or with your Alaska cruisetour tour director immediately upon arrival.

Certain excursions such as Kayaking, Bicycling, Canoeing, River or Lake Rafting, Hiking, and Flightseeing have inherent risks of which participants should make themselves aware of before making a valued judgment as to whether to participate in them. In all cases participants should be in excellent health.

To assist our guests in choosing their excursions, all excursions have been graded accordingly to the level of activity they entail. Please refer to the excursion symbols(s), which appear in each excursion description. Kindly note the below symbols act only as a guideline and guests must make their own judgment regarding participating in tours. The symbols represent the following:

Mild

To fully participate may require leisurely walking over primarily even surfaces. There may be a limited number of steps, a minimal amount of cobblestones or uneven surfaces, and some standing for extended periods of time.

Moderate

To fully participate may require extended periods of walking over even and uneven surfaces, steep terrain and/or water activity in a slight current. There may be steps, inclines, cobblestone surfaces, and extended periods of standing. Participants with physical limitations should take this into account.

Strenuous

To fully participate may require extended periods of physical exertion, extensive walking, climbing, or biking. There may be numerous steps, inclines, cobblestones, and other rough terrain throughout the excursion. These excursions are the most active and have been designed for participants in excellent health and very good physical condition.

Light Snack / Refreshment

If a light snack or refreshment is served on an excursion, it will be designated with this symbol.

Meals

Most tour departures complement the ship's meal service hours. If a meal is served on an excursion, it will be designated with this symbol.

Shopping

Time permitting, limited shopping is available during the tour.

Waiver

All participants on this tour are required to complete a waiver and/or release form. This document will be distributed by the tour operator prior to commencing the tour.

Restrictions

Please note there are certain excursions that for safety reasons, age, weight and/or height restrictions apply. These restrictions are imposed by the individual vendor and Celebrity Cruises Inc. must comply accordingly.

Tour Availability

Please note that not all excursions are available on all ships or Alaska cruisetour packages. Excursion prices and itineraries are in effect at the time of printing and are subject to change without notice.

Weather

Alaska is subject to variable weather that may change rather quickly from warm and sunny to chilly and wet. All excursions will operate rain or shine, with the exception of flightseeing tours and some water activities, which may have to be canceled for safety reasons. However, Full refunds will be made to guests holding tickets for canceled shore excursions. In the event of an excursion cancellation, every effort will be made to accommodate guests on other available excursions.

What to Wear

We suggest you dress in layers: a shirt, sweater and light raincoat should suffice. A comfortable pair of walking shoes treated for water resistance is highly recommended.

General Information

When choosing an excursion please remember that the “season” in Alaska lasts approximately five months at best. In this time the local operators have to utilize their equipment in the most expedient manner. There is only a limited amount of equipment available on many excursions, including helicopters and planes, great distances are covered and space is severely restricted. For these reasons you may find some excursions are fairly expensive. Also, remember that certain excursions are multifaceted and may include flightseeing, lunch, and sightseeing combinations.

Wildlife

Various species of wildlife are prevalent in a specific area at certain periods during the summer. Although Alaskan wildlife is abundant, Celebrity Cruises cannot guarantee any wildlife sightings on any of the excursions offered.

Sport Fishing

Please note that once the participation figures have been sent to the operator (minimum of 24 hours before arrival) no refunds will be granted in cases where guests decide not to utilize the service for whatever reason. Provided are tackle, bait, and beverages, but only good luck and your skill can supply the fish.

Helicopter Weight Requirements

Due to weight restrictions on board helicopters, all participants must register their body weight at the time of booking. This is a requirement of the helicopter companies to ensure guests safety and comfort.

What To Know

SHORE EXCURSION OFFICE: Desk hours will be announced on board in the ship's Daily Program. Normally, the office will be closed while the vessel is in port, unless otherwise stated.

TIMES OF TOURS COMMENCEMENT will be published on board. In the interest of all concerned, please be punctual to the meeting points. Guests wishing to travel with friends should proceed to the point of departure as indicated on your shore excursion tickets, as this will help the tour staff to allocate space in the same vehicle.

EXCURSION TIMINGS: Most morning excursions will meet in a lounge on board the ship. When the ship is at anchor, staff will be on hand to assist you to the departure point. Timings have been established according to information received from our Agents but are subject to alterations should the vessel's arrival time at the port be delayed or circumstances arise whereby the itinerary for a particular excursion must, necessarily, be amended. Kindly note that excursion times provided online may be earlier than the vessel's scheduled arrival to a port of call. The time listed may be in local time as provided by the tour operator. The most accurate excursion departure time will be provided directly onboard the vessel. When the ship lies at anchor, guests should allow ample time for the tender ride to shore. When booking more than one excursion in a day, please allow at least 60 minutes between the return of the first tour and the departure of the second excursion. Excursion departure times may vary from those listed on the order form, especially in ports where the ship must tender guests ashore. Please check your excursion tickets for the time and location of departure. No announcements for the excursions will be made on board the ship. All guests are required to be back aboard ship no later than 30 minutes prior to the scheduled departure time, which is listed in the Daily Program and posted at the gangway. The scheduling of all Shore Excursions conforms to this requirement. If you leave an excursion en route, it will be your responsibility to secure transportation and return to the pier on time. If for any reason a ship's excursion is delayed in its return to the pier, the ship will be notified and will await the excursion's return.

JOINING EXCURSIONS: Please show your excursion ticket when coming ashore and boarding the excursion vehicle.

SEATS are not reserved in advance. This procedure aids the rapid departure of excursions.

PRICES of shore excursions are quoted per person and generally include available local transportation, ranging from coaches, taxis, limousines, and boats. Meals and local taxes are included where specified. Where tours are operated by car, 2 to 3 persons are allocated to each vehicle.

The right is also reserved to decline, to accept, or retain any person as a member of any party at any time.

RESERVATIONS/CANCELLATIONS: Shore Excursions are available for purchase once you are aboard the ship and en route to your destinations except where otherwise noted, within the deadline advertised in the ships daily program. Very shortly after each closing time and date, final confirmations are sent from the ship to the Agencies concerned informing them of the definite and final requirements for meals, seats, number of automobiles and coaches, etc. If notice of cancellation is received after closing date and hour, a refund can be assured only in the event of the ticket being resold. Members of any excursion who elect to leave the automobiles or coaches, in the shopping area, or elsewhere, must provide their own transportation at their expense back to the landing place of the vessel. Should any such excursion, however, be abandoned through 'force majeure' the best possible refunds will be arranged according to the circumstances. Any refund request of prepaid excursions received by Celebrity Cruises 10 days prior to sailing will be made in full. TIPS: Tipping of any service personnel encountered on any of the excursions is strictly optional.

MEALS: Most excursion departure times complement the ship's meal service hours, so you can enjoy your meal aboard and then go ashore. However, if you take more than one excursion in a day, your return on board may not coincide with meal hours. You'll be informed of meal times before arrival in each port. Full day excursions include meals where indicated.

ALTERATION OF FARES, TRANSPORTATION SERVICES, ETC: All prices quoted are based on tariffs and exchange rates current at the time of printing, and are subject to increase with or without previous notice consequent upon any increase in the basic tariffs and/or exchange fluctuations, which may accrue prior to commencement of the tours.

The Taku River will be your "runway" as you come in for a landing at the Historic Taku Lodge. The Lodge is located directly across the river from the Hole-In-The-Wall Glacier and set amid the Tongass National Forest.

The Lodge-cooked feast of baked beans, coleslaw, pioneer fruit compote, fresh herb biscuits and sourdough bread complements the grilled Wild Alaska King Salmon. Imagine having the opportunity to visit some of the most remote and best-kept-secret locations in Alaska. Soaring high above the rain forest, deep valleys and awe-inspiring peaks, you'll experience vistas seen by few. Your pilot will provide an eagle's eye view of high alpine lakes, "icefalls" hanging from sheer cliffs and some of the most remote peaks and glaciers in the Juneau Icefield. Your itinerary is flexible so your pilot may create the best possible tour under the current weather and glacier conditions. To further appreciate this ancient landscape, your pilot will land in two different locations where you will continue the tour on foot. During these two landings learn about the geological and environmental processes at work creating moraines, crevasses, seracs, and the glaciers themselves.

Warm clothing and sunglasses are recommended. Glacier boots and rain gear are provided as needed. For security purposes, no bags are allowed on the helicopter. Due to weight restrictions on board helicopters, all participants must register their body weight at the time of booking. This excursion combines the Four Glacier Adventure via Helicopter Tour with a once-in-a-lifetime dogsled ride on a glacier. Fly over the Juneau Icefield and land on the Norris Glacier, home of the exclusive dog mushing camp. After your helicopter touches down on the snow-capped glacier, view the scenery high above as you hear stories of the famous 1,000 mile Iditarod dogsled race from Anchorage to Nome. The highlight of your visit to the camp is a dogsled ride on the snow-covered glacier. Your flightseeing resumes over the glacial landscape as you watch for bears, mountain goats, and moose. Warm layered clothing, jacket and gloves are recommended.

If weather conditions cancel the dogsled portion of this excursion, the tour may be operated as helicopter flightseeing with a glacier landing. The price would be modified accordingly. In the event this option occurs, you will be notified prior to the tour departing. Due to weight restrictions on board helicopters, all participants must register their body weight at the time of booking. This is a requirement of the helicopter companies to ensure guest safety and comfort. For security purposes, no bags are allowed on the flight.
